MSK Kids

PATIENT & CAREGIVER EDUCATION

LFS & Living My Best!

This booklet from the National Society of Genetic Counselors and the Li-Fraumeni Syndrome Association (LFSA) has information about Li-Fraumeni syndrome (LFS). It's meant for children ages 8 to 13.

Visit www.msk.org/pe/lfs-living to see this resource.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.

For more resources, visit www.mskcc.org/pe to search our virtual library.
