Koch Center for Cancer Care at Memorial Sloan Kettering help patients and caregivers relax and rejuvenate. For the convenience and comfort of visitors, the center includes a restaurant, a café, a curated retail shop, and a terrace to connect with the outdoors.

The David H. Koch Center for Cancer Care at Memorial Sloan Kettering features easy-to-use technology to make your care more convenient for you.

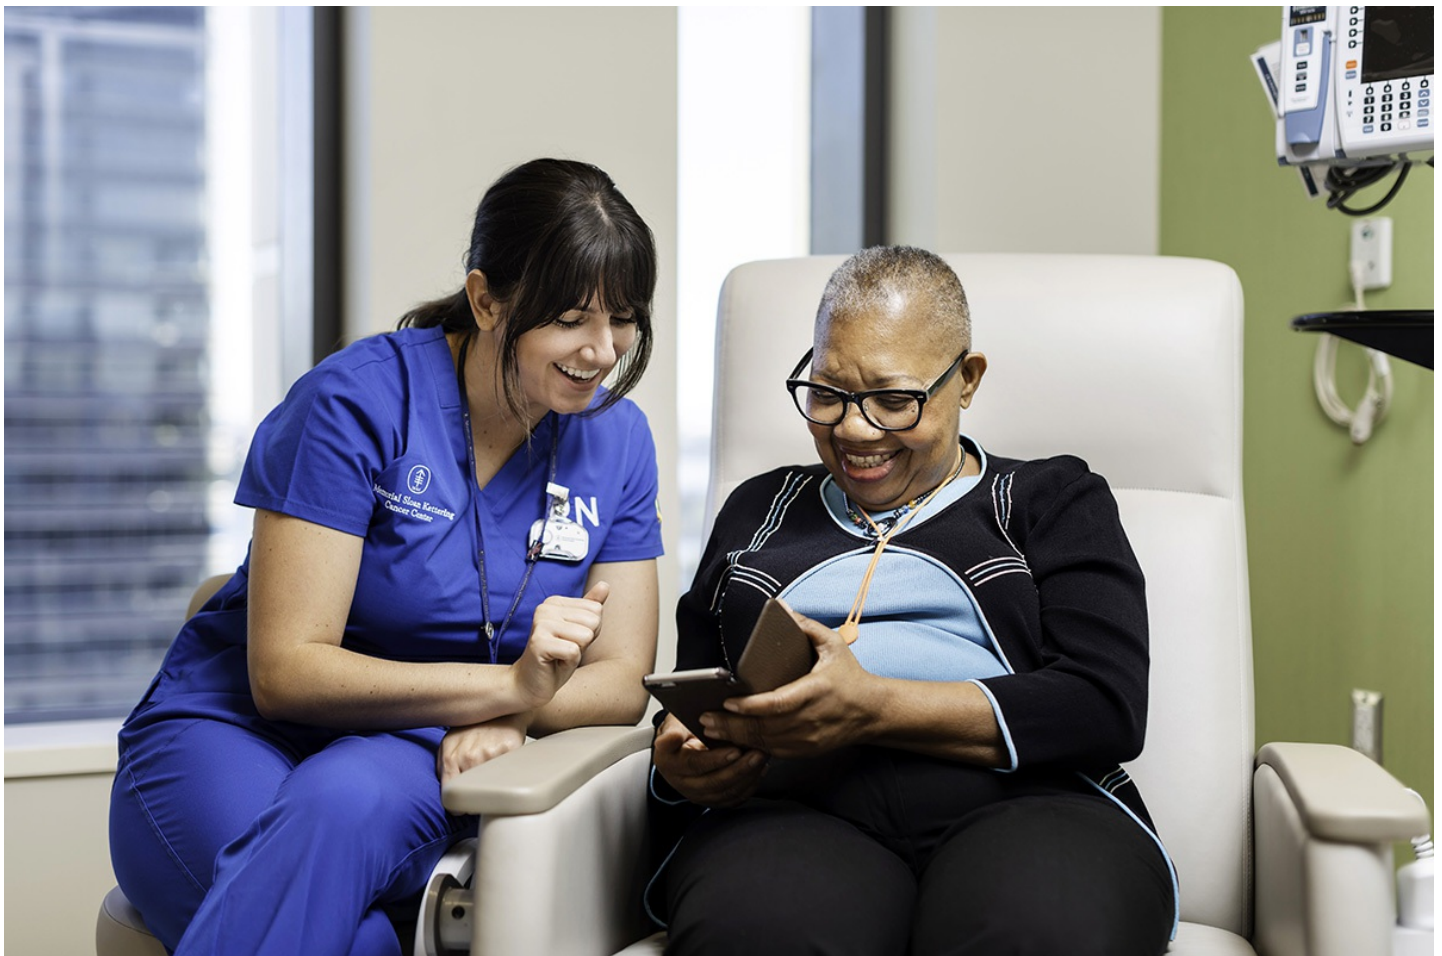

Care Team

At Memorial Sloan Kettering, doctors, nurses, and other specialists work together on treatment teams for each patient. This means that your care team is highly experienced in caring for people with the type of cancer you have. In addition to your medical care, your team will also develop a plan to care for your total well-being, including support for your family and loved ones.

For most cancers, your treatment will be led by one or more primary doctors. These could include a medical oncologist, a surgical oncologist, a radiation oncologist, and for some cancers, an interventional radiologist. Each of these doctors brings a defined set of expertise and techniques for treating cancer.
