## About Me

### What I Do at MSK

■ Associate Attending Physician

### Get To Know Me

I am a clinical cardiologist specializing in the comprehensive management of co-existing cardiovascular disease and cancer as well as the cardio-toxic side effects of chemotherapy treatment. Through close collaboration with the cancer treatment team, my goal is to ensure the best outcomes for patients with cancer who are at risk for or who have concurrent cardiovascular disease.

I work closely with the oncologists to monitor patient's cardiovascular health during treatment and provide long-term follow-up

Anthony F. Yu

cardiac care for cancer survivors. I also provide cardiac evaluation for patients with cancer who are scheduled to undergo major surgery or to receive potentially cardio-toxic cancer treatment.

## Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Anthony F. Yu discloses the following relationships and financial interests:

Genentech  
Professional Services and Activities

If you’re a patient at MSK and would like more information about your doctor’s external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.
