Get to Know Me

I am a board-certified medical oncologist and work as part of a multidisciplinary team to care for patients with breast cancer.

In my clinical research, I focus on developing more-effective and less-toxic treatment strategies for women with this disease. My particular interest is in evaluating combination therapies that include anti-HER2 drugs with chemotherapy in the treatment of patients with early-stage and metastatic HER2-positive breast cancer.

Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life

sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive collaborations, and promote the practical application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.

Chau T. Dang discloses the following relationships and financial interests:
