## Get to Know Me

I am a board-certified pathologist with expertise in soft tissue sarcoma and bone tumors. After my fellowships in oncologic pathology and sarcoma research at Memorial Sloan Kettering Cancer Center, I joined the faculty in 1999. As part of the sarcoma disease management team, I work alongside colleagues from surgery, medical oncology, and radiation therapy to care for patients with these very complicated diseases. My role is to establish accurate pathologic diagnosis, grading, and staging. These analyses guide treatment decisions. We have extensive expertise in diagnosing even the rarest forms of these tumors. Findings from molecular and genetics tests are usually incorporated within the pathology report for a more refined classification.

Read more +

### What I Do at MSK

I'm a pathologist, which is a doctor who uses a microscope to make a diagnosis from cell and tissue samples. I analyze these samples to learn the cause and effects of a health issue.

- Director, Bone and Soft Tissue Pathology

## Areas of Expertise

### Conditions I Treat

- Bone cancers and conditions
- Soft tissue sarcomas

### My Specialties

- Experimental pathology
- Surgical pathology

## Education & Honors

### Education

- MD, Carol Davila Faculty of Medicine and Pharmacy (Bucharest, Romania)

### Residencies

- Lenox Hill Hospital

### Fellowships

- Memorial Sloan Kettering Cancer Center

### Board Certifications

- Anatomic Pathology

### Awards and Honors

- Castle Connolly: America's Top Doctor (2026)
- Castle Connolly: America's Top Doctor (2025)
- Castle Connolly: Exceptional Women in Medicine (2024)
- Castle Connolly: America's Top Doctor (2024)

- Top Doctors New York Metro Area, Castle Connolly (2023)
- Exceptional Women in Medicine Award, Castle Connolly (2023)
- Castle Connolly: America's Top Doctors (2023)

## Clinical Trials

### Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

## Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive collaborations, and promote the practical application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.

Cristina R. Antonescu discloses the following relationships and financial interests:

*No disclosures meeting criteria for time period*

If you’re a patient at MSK and would like more information about your doctor’s external relationships, please talk with your doctor.

The information published here is a complement to other publicly reported data and is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

---

This page and data include information for a specific MSK annual disclosure period (January 1, 2024 through disclosure submission in spring 2025). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK’s COI policies [here](#) . For questions regarding MSK’s COI-related policies and procedures, email MSK’s Compliance Office at [ecoi@mskcc.org](mailto:ecoi@mskcc.org) .
