Get to Know Me

I am a neuro-oncologist who specializes in the care of patients with brain tumors and the neurologic complications of cancer.

I work together with neurosurgeons and radiation oncologists to provide the highest quality medical treatment and supportive care for patients with gliomas and glioblastomas, primary central nervous system lymphomas (brain and spinal cord), ependymomas, and other types of brain tumors.

[What I Do at MSK](#)

I'm a neuro-oncologist at MSK. This is a doctor with special training in cancers that affect the brain, spinal cord, peripheral nerves, and muscles. This includes brain tumors and central nervous system tumors.

I'm an early drug development specialist, which is a scientist who tests new drugs to treat cancer. I have special training in research studies, also known as clinical trials.

- Associate Attending Physician

Areas of Expertise

Conditions I Treat

- Brain tumors
- Histiocytosis

My Specialties

- Neuro-oncology

Education & Honors

Education

- MD, Albert Einstein College of Medicine

Residencies

- Neurology - Brigham and Women's Hospital/Massachusetts General Hospital

Fellowships

- Neuro-Oncology - Memorial Sloan Kettering Cancer Center

Board Certifications

- Neurology
- Neuro-oncology

Insurance Information

Understanding your insurance options is an important part of managing your cancer care. We have relationships with many common healthcare providers and plans.

Don't see your carrier or plan? [We can help you understand your coverage](#) .

If you don't have health insurance or are worried that your care may not be fully covered, our [financial assistance](#) programs may be able to help.

If you have questions about insurance, call us at [646-497-9176](tel:646-497-9176) .

Clinical Trials

- Clinical Trials Investigated by Dr. Diamond
- [A Phase 2 Study of Ulixertinib for People With Histiocytic Neoplasms](#)
- Clinical Trials Co-Investigated by Dr. Diamond
- [A Phase 1 Study of PF-07799933 Alone or with Binimetinib or Cetuximab in People with Solid Tumors](#)
- [A Phase 2 Study of FORE8394 in People Who Have Cancer With BRAF Mutations](#)

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

[Search clinical trials](https://www.mskcc.org/cancer-care/clinical-trials) (<https://www.mskcc.org/cancer-care/clinical-trials>)

Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive collaborations, and promote the practical application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.

Eli L. Diamond discloses the following relationships and financial interests:

No disclosures meeting criteria for time period

If you’re a patient at MSK and would like more information about your doctor’s external relationships, please talk with your doctor.

The information published here is a complement to other publicly reported data and is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2024 through disclosure submission in spring 2025). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK’s COI policies [here](#) . For questions regarding MSK’s COI-related policies and procedures, email MSK’s Compliance Office at ecoi@mskcc.org .
