# About Me

## What I Do at MSK

- Assistant Attending Physician

## Get To Know Me

I am a pediatric oncologist on the MSK Kids team who specializes in caring for children with [neuroblastoma](#). With my colleagues, I am researching and developing innovative treatments for this disease.

I have a strong research background in immunology that fuels my work, and am intrigued by the natural power of the immune system to fight disease. We have learned how to harness this power to recognize and fight cancer. Immunotherapies that were pioneered at Memorial Sloan Kettering are now part of the standard of care for children with neuroblastoma.

## Clinical Trials

Clinical Trials Investigated by Dr. Basu

[A Phase II Study of 131I-MIBG Alone or with Vorinostat in People with High-Risk Neuroblastoma](#)

[A Pilot Phase II Study of Targeted Radiotherapy with 131I-MIBG and Arsenic Trioxide in Patients with Resistant Neuroblastoma or Malignant Chromaffin Cell Tumors](#)

Clinical Trials Co-Investigated by Dr. Basu

[A Phase I/IIA Study of 64Cu-SARTATE and 67Cu-SARTATE for Imaging and Treating Children and Young Adults with High-Risk Neuroblastoma](#)

[A Study to Collect Health Information about Pediatric-Onset Opsoclonus Myoclonus Ataxia Syndrome \(POOMAS\)](#)

### Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

## Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Ellen M. Basu discloses the following relationships and financial interests:

*No disclosures meeting criteria for time period*

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK's COI policies [here](#). For questions regarding MSK's COI-related policies and procedures, email MSK's Compliance Office at [ecoi@mskcc.org](mailto:ecoi@mskcc.org).
