## Get to Know Me

I am a medical oncologist who specializes in research in and treatment of patients with genitourinary cancers, including bladder, prostate, kidney, and testis cancers.

---

This provider is part of a team that was ranked [#1 in the nation for Urology Cancer Care](#) this year by *U.S. News & World Report*.

---

I also have a special interest in understanding the genetic basis for bladder cancer and am a member of Memorial Sloan Kettering's Bladder Cancer Oncogenome Project, a multidisciplinary effort to discover the key genetic abnormalities that drive this disease. The discovery and understanding of these genetic abnormalities hold the promise of novel treatments for patients with bladder cancer.

## What I Do at MSK

I'm a genitourinary (GU) medical oncologist, which is a cancer doctor who specializes in genitourinary (jeh-nih-toh-YOOR-ih-nayr-ee) cancers. This includes bladder, kidney, penis, prostate, and testicular cancers.

I'm an early drug development specialist, which is a scientist who tests new drugs to treat cancer. I have special training in research studies, also known as clinical trials.

## Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive collaborations, and promote the practical application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.
