About Me

What I Do at MSK

- Ning Zhao and Ge Li Chair in Lung Cancer Research
- Vice Chair of Clinical Research, Department of Medicine

Get To Know Me

I am a board-certified medical oncologist who specializes in treating patients with lung cancer and thymic tumors (thymoma and thymic carcinoma).

In addition to caring for men and women with these diseases, I work to develop new treatments by designing and conducting clinical trials. My clinical research focuses on the treatment of patients with thymic tumors as well as non-small cell lung cancer with specific mutations (*EGFR*, *KRAS*, *BRAF*, or *EML4-ALK* mutant non-small cell lung cancer).

My Role at MSK

A thoracic oncologist is a cancer doctor with special training in thoracic (thor-A-sik) cancers. These are cancers that have to do with the chest, including lung, tracheal (windpipe), and thymic (thymus) cancers.

Areas of Expertise

My Specialties

Thoracic Oncology
Lung Cancer
Thymoma
Thymic Carcinoma

Education & Honors

Education

MD, Case Western Reserve University

Residencies

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other

organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Gregory J. Riely discloses the following relationships and financial interests:

American Association for Cancer Research

Professional Services and Activities (Uncompensated)

American Society of Clinical Oncology (ASCO)

Professional Services and Activities (Uncompensated)

Harborside Press LLC

Professional Services and Activities

MJH Associates

Research to Practice

Professional Services and Activities

Takeda Pharmaceuticals

Professional Services and Activities (Uncompensated)

Triptych Health Partners, LLC

Professional Services and Activities

Verastem

Professional Services and Activities (Uncompensated)

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK's COI policies [here](#). For questions regarding MSK's COI-related policies and procedures, email MSK's Compliance Office at ecoi@mskcc.org.
