About Me

What I Do at MSK

- Emily Tow Chair in Oncology
- Vice Chair for Research, Department of Radiology
- Chief, Radiochemistry and Imaging Sciences Service
- Director of the Radiochemistry and Molecular Imaging Probe Core Facility

Get To Know Me

I am Vice Chair for Research, Chief of the Radiochemistry and Imaging Sciences Service, and Director of the Radiochemistry and Molecular Imaging Probe Core Facility. I head a laboratory in the Sloan Kettering Institute's molecular pharmacology program and am a professor at the Gerstner Sloan Kettering Graduate School of Biomedical Sciences. I have published more than 200 papers, books, book chapters, and reviews on cancer imaging. I serve on grant review panels for the National Institutes of Health and National Cancer Institute and a number editorial boards.

I am researching new ways to use PET imaging to diagnose cancer as well as developing new radioimmunotherapies for treating this disease. My research is supported by the National Institutes of Health, the Department of Education, and philanthropy.

My Role at MSK

A radiochemist is a doctor and scientist who studies radioactive elements.

Areas of Expertise

My Specialties

Radiotracers

Radiochemistry

Education & Honors

Education

PhD, Biochemistry, University of Kent (UK)

Insurance Information

Understanding your insurance options is an important part of managing your cancer care. We have relationships with many common healthcare providers and plans.

Enter your insurance provider

Don't see your carrier or plan? We can help you understand your coverage.

If you don't have health insurance or are worried that your care may not be fully covered, our financial assistance programs may be able to help.

If you have questions about insurance, call us at 646-497-9176.

Make an Appointment

New Patients

Scheduling an appointment is easy. Click or call 800-525-2225— we're available Monday through Friday, 8 a.m. to 6 p.m. (Eastern time)

Make an Appointment

Current Patients

Request an appointment by logging on to MyMSK or calling your doctor's office. If you aren't registered for MyMSK, call 646-227-2593 for your Enrollment ID.

Clinical Trials

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Jason S. Lewis discloses the following relationships and financial interests:
