# About Me

## What I Do at MSK

- Attending Surgeon

## Get To Know Me

I have devoted my career to caring for patients with head and neck tumors. My clinical interests include precancerous lesions, cancer of the mouth, throat, neck, and larynx, melanoma and other skin cancers, salivary tumors, thyroid cancer, and cancers of the sinuses and skull base.

My goal is to provide patients with advanced surgical care for head and neck cancer with an emphasis on quality-of-life issues, such as retaining a patient's ability to speak and swallow and maintaining normal appearance. Many surgical procedures for head and neck cancer that have been developed at Memorial Sloan Kettering Cancer Center help to preserve organ function and facial appearance to a far greater degree than was once possible.

I also work closely with plastic surgeons, radiation therapists, chemotherapists, nurses, and speech therapists to create individualized treatment plans that keep the cure of cancer as the main goal.

## Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Jay O. Boyle discloses the following relationships and financial interests:

*No disclosures meeting criteria for time period*

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

---

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK's COI policies [here](#). For questions regarding MSK's COI-related policies and procedures, email MSK's Compliance Office at [ecoi@mskcc.org](mailto:ecoi@mskcc.org).
