Get to Know Me

I am a medical oncologist who cares for people with genitourinary cancer. I focus on the management of advanced [cancers of the kidney](#) .

This provider is part of a team that was ranked [#1 in the nation for Urology Cancer Care](#) this year by *U.S. News & World Report*.

I am a strong believer in patient education, shared decision-making, and the importance of recognizing that these cancers and therapies can have a tremendous impact on the day-to-day lives of patients and their families. I work as part of an expert team of surgeons, pathologists, radiation oncologists, and medical oncologists at Memorial Sloan Kettering Cancer Center (MSK). We collaborate to provide the best possible care to our patients.

What I Do at MSK

I'm a genitourinary (GU) medical oncologist, which is a cancer doctor who specializes in genitourinary (jeh-nih-toh-YOOR-ih-nayr-ee) cancers. This includes bladder, kidney, penis, prostate, and testicular cancers.

Areas of Expertise

Conditions I Treat

- Kidney (renal cell) cancer and conditions
- Genitourinary cancers and conditions

My Specialties

- Clinical trials
- Immunotherapy

Education & Honors

- [A Study of NEO-811 in People With Clear Cell Renal Cell Carcinoma](#)

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

[Search clinical trials \(https://www.mskcc.org/cancer-care/clinical-trials\)](https://www.mskcc.org/cancer-care/clinical-trials)

Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive collaborations, and promote the practical application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.

Martin H. Voss discloses the following relationships and financial interests:
