# About Me

## Get To Know Me

I am a board-certified radiologist with expertise in [breast imaging](#) as well as the interpretation of CT and PET scans. As a breast radiologist at MSK, I have the privilege of working with many of the finest doctors in the world. I also have the opportunity for a great deal of direct patient care. I have been practicing radiology for more than 35 years and have been at MSK since 2009.

As Director of Radiology at the [Evelyn H. Lauder Breast Center](#) in New York City, I coordinate patient care and oversee certain research programs in breast cancer imaging. My goal is to provide the best quality care for our patients.

## Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Maxine S. Jochelson discloses the following relationships and financial interests:

*No disclosures meeting criteria for time period*

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

---

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.
