Get to Know Me

I have worked as an overnight hospitalist and currently serve as an urgent care physician at Memorial Sloan Kettering Cancer Center (MSK).

Since joining MSK in 2008, I have worked on numerous initiatives to improve the institutional climate for LGBT (lesbian, gay, bisexual, and transgender) patients, trainees, and staff. As a member of the LGBT Employee Resource Network, I lead institution-wide safe zone trainings that inform staff of on-site and local LGBT resources. I am also chairperson of Weill Cornell Medical College's LGBT Steering Committee — which coordinates social mixers, mentorship programming, and LGBT-related research — and am on the executive committee for the annual LGBT Health Workforce Conference held in New York City.

What I Do at MSK

I'm an emergency medicine doctor, which is a doctor with special training in treating people in the emergency room.

Clinical Trials

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive collaborations, and promote the practical

application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.

Nelson Sanchez discloses the following relationships and financial interests:

No disclosures meeting criteria for time period

If you’re a patient at MSK and would like more information about your doctor’s external relationships, please talk with your doctor.

The information published here is a complement to other publicly reported data and is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2024 through disclosure submission in spring 2025). This data reflects interests that may or may not still exist. This data is updated annually.
