About Me

What I Do at MSK

Robbins Family Chair in Pediatrics

Get To Know Me

I am a pediatric oncologist with extensive experience caring for children and young adults with <u>sarcomas</u>. At Memorial Sloan Kettering, we treat more children and young adults with these challenging tumors than anywhere else in the country. I am proud to be part of MSK Kids, a team that takes a comprehensive approach to care. We customize a care plan for each child, with the goal of saving the lives of our young patients.

Disclosures

Paul A. Meyers 6/8

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Paul A. Meyers discloses the following relationships and financial interests:

Margaux Miracle Foundation

Professional Services and Activities (Uncompensated)

National Cancer Institute

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.
