## Get to Know Me

I am a medical oncologist specializing in the care of [soft tissue sarcomas](#) and [bone sarcomas](#) , as well as [Merkel cell carcinoma](#) .

I work very closely with our multidisciplinary team of medical oncologists, surgeons, radiation oncologists, nurses, and patient support advocates to provide the best care and treatment for patients with these rare diseases. Our highly specialized team recognizes and appreciates the unique challenges that confront our patients, and we are all committed to addressing their needs. I partner with my patients and empower them while ensuring that they always get optimal care.

### What I Do at MSK

I'm a sarcoma medical oncologist, which is a cancer doctor who specializes in sarcoma. This includes bone and soft tissue sarcomas (such as Ewing sarcoma and Liposarcoma) and benign (not cancer) growths that are like sarcoma.

A cellular therapy specialist is a doctor with special training in using cell therapies to treat health

conditions such as cancer. Therapies can include chimeric antigen receptor (CAR) T cell therapy.

- Attending Physician

## Areas of Expertise

### Conditions I Treat

- Soft tissue sarcomas
- Merkel cell carcinoma

### My Specialties

- Immunotherapy
- Clinical trials

## Education & Honors

### Education

- MD, SUNY Downstate College of Medicine

### Residencies

- Internal Medicine - New York University
- Internal Medicine - Memorial Sloan Kettering Cancer Center
- Chief Residency (Internal Medicine) - Memorial Sloan Kettering Cancer Center

### Fellowships

- Oncology - Memorial Sloan Kettering Cancer Center

### Board Certifications

- Internal Medicine
- Medical Oncology

• • •

## Awards and Honors

- R01 CA259169-01A1, FDA (2022)
- P50 CA217694 Career Enhancement Award (2020)
- Sarcoma Foundation Alliance (2018)
- Research Grant Recipient, Memorial Sloan Kettering Cancer Center Society (2015)
- Career Development Award, Conquer Cancer, the ASCO Foundation (2015)
- Alliance Scholar Award, Alliance for Clinical Trials in Oncology Foundation (2014)
- Young Investigator Award, Conquer Cancer, the ASCO Foundation (2011)

## Insurance Information

Understanding your insurance options is an important part of managing your cancer care. We have relationships with many common healthcare providers and plans.

Don't see your carrier or plan? [We can help you understand your coverage](#) .

If you don't have health insurance or are worried that your care may not be fully covered, our [financial assistance](#) programs may be able to help.

If you have questions about insurance, call us at [646-497-9176](#) .

## Make an Appointment

### New Patients

Scheduling an appointment is easy. Click or call [646-497-9067](#) — we're available 24 hours a day, 7 days a week

## Clinical Trials

- Clinical Trials Investigated by Dr. D'Angelo
- [A Phase 1 Study of DS-2243a in People With Advanced Solid Tumors](#)
- [A Phase 1-2 Study of \[AC-225\]RTX-2358 in People With Sarcoma](#)
- [A Phase 2 Study of Tebentafusp in People With Advanced Clear Cell Sarcoma](#)
- [A Phase I/II Study of INCMGA00012 Immunotherapy with Gemcitabine and Docetaxel in People with Advanced Soft Tissue Sarcoma](#)

### Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

## Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive collaborations, and promote the practical application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.

Sandra P. D'Angelo discloses the following relationships and financial interests:

- Adaptimmune  
Professional Services and Activities
- GI Innovation Inc.  
Professional Services and Activities (Uncompensated)
- Incyte  
Professional Services and Activities
- Medendi  
Professional Services and Activities
- Piper Sandler & Co.  
Professional Services and Activities
- Replimune, Inc.  
Professional Services and Activities

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is a complement to other publicly reported data and is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

---

This page and data include information for a specific MSK annual disclosure period (January 1, 2024 through disclosure submission in spring 2025). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK's COI policies [here](#) . For questions regarding MSK's COI-related policies and procedures, email MSK's Compliance Office at [ecoi@mskcc.org](mailto:ecoi@mskcc.org) .
