About Me

What I Do at MSK

- Attending Physician

Get To Know Me

I am a medical oncologist with a clinical practice that is devoted solely to the care of patients with breast cancer.

My research activities are focused on the clinical development of new therapies for the treatment of breast cancer, with a particular emphasis on evaluating targeted biological anticancer agents. Currently, I am involved in phase I and phase II clinical trials to evaluate novel anti-HER2 therapies. Additional information about these clinical trials is available on Memorial Sloan Kettering's website.

My Role at MSK

A breast oncologist is a doctor with special training in breast cancer.
