# About Me

## What I Do at MSK

- Endowed Chair, The Nonna's Garden Foundation Chair, With Gratitude to Memorial Sloan Kettering

## Get To Know Me

I am a medical oncologist who focuses on the care of patients with lymphoma, and I have clinical expertise in all [types of lymphomas](#). My research is aimed at developing an improved understanding of new therapies for patients with several less-common types of lymphoma, including T cell lymphomas, cutaneous (skin) lymphomas, Hodgkin disease, and lymphomas in immunosuppressed patients after organ transplant (post-transplant lymphoproliferative disorders or PTLD).

## My Role at MSK

A lymphoma specialist is a doctor with special training in diagnosing and treating lymphoma.

A cellular therapy specialist is a doctor with special training in using cell therapies to treat health conditions such as cancer. Therapies can include chimeric antigen receptor (CAR) T cell therapy.

## Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.
