About Me

What I Do at MSK

- Associate Attending Pediatrician

Get To Know Me

As a member of the MSK Kids team, I specialize in the care of children with leukemia and lymphoma, especially cancers that have returned despite prior treatment. I also conduct clinical research to design and assess investigational therapies — particularly antibodies and new targeted agents that aim at the molecular signaling pathways that drive cancer growth — for children with all types of cancer.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Tanya M. Trippett discloses the following relationships and financial interests:

Eugene Gasana Jr. Foundation
Fiduciary Role / Position

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK's COI policies [here](#). For questions regarding MSK's COI-related policies and procedures, email MSK's Compliance Office at ecoi@mskcc.org.
