FOR THE MEDIA

Milind Rajadhyaksha, PhD

I am a mechanical and optical engineer and principal investigator in the Optical Imaging Laboratory in the Dermatology Service. My research focuses on creating novel confocal microscopes and endoscopes for imaging skin and head and neck cancers, and translating this technology to clinical applications in screening, diagnostics and surgical guidance.

SNAPSHOT

[New Technology Could Enable Immediate Detection of Tumor Borders during Surgery](#)

Memorial Sloan Kettering scientists are developing new imaging instrumentation that could enable pathologist and surgeons to collaborate more seamlessly and reduce the need for repeat surgeries.

[Out of the Lab and into the World: The Endoscopic Laser Scalpel](#)

A prototype of an innovative device developed at Memorial Sloan Kettering for minimally invasive surgery in head, neck, and other cancers in confined spaces holds promise for helping patients around the globe.

People

Milind Rajadhyaksha, PhD

- Optical engineer Milind Rajadhyaksha studies confocal microscopy for the imaging of cancer, technology development, and translational and clinical studies in skin and head and neck cancers.

Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive collaborations, and promote the practical application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.

Milind Rajadhyaksha discloses the following relationships and financial interests:

- Caliber ID
Equity

The information published here is a complement to other publicly reported data and is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2024 through disclosure submission in spring 2025). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK’s COI policies [here](#) . For questions regarding MSK’s COI-related policies and procedures, email MSK’s Compliance Office at ecoi@mskcc.org .
