Memorial Sloan Kettering cancer Center

Wednesday, June 18, 2014
5:00-7:00PM

Weill Cornell Medical College Library, Computer Lab
1300 York Avenue

"Safe Zone" is a program designed to increase the overall campus community's understanding of and capacity to address issues faced by Lesbian, Gay, Bisexual and Transgender (LGBT) persons. Effective implementation of Safe Zone programs requires the identification, training and "visibility" of institutional allies advocating for the LGBT community. The Safe Zone LGBT Allies Training was specifically designed for WCMC and MSKCC community members to acquire the knowledge and skills to serve as an "Ally." Nelson Sanchez, MD and Kevin Johnson will co-facilitate an interactive session to train individuals about LGBT identity and help them gain knowledge and skills to serve as an effective Ally. Participants may claim 2.0 AMA PRA Category 1 Credits for their participation.
