

## Office of Technology Development - Sponsored Research Agreements

Join us as we congratulate the Principal Investigators of new industry sponsored research agreements listed below. (Based on information available in Grants Central as of 5/1/13):

### April 2013

Principal Investigator: **Hakim Djaballah, PhD**

Department/Program: High-Throughput Drug Screening Facility

Project Title: Evaluating the Performance of New Imaging System, Cytation™3 Cell Imaging Multi-Mode Reader

Total Award Amount: \$17,000

Award Date: 04/03/13

Awarding Agency: BioTek, Inc.

Principal Investigator: **Yi-Wei Tang, MD, PhD, F(AAM), FIDSA**

Department/Program: Clinical Microbiology

Project Title: Retrospective Study Designed to Evaluate the clinical Test Performance (Sensitivity and Specificity) of the Alere iNAT Influenza A/B Test System

Total Award Amount: \$12,800

Award Date: 04/09/13

Awarding Agency: Alere Scarborough, Inc.

Principal Investigator: **Jedd D. Wolchok, MD, PhD**

Department/Program: Medicine/Melanoma and Sarcoma

Project Title: Testing T Cell Activity and Serum Cytokines in Patients from BRF115984 Treated with Dabrafenib(GSK2118436) +/- Trametinib(GSK1120212) in Combination with Ipilimumab

Total Award Amount: \$305,600

Award Date: 04/23/13

Awarding Agency: GlaxoSmithKline

### March 2013

Principal Investigator: **Ellinor Peerschke, PhD**

Department/Program: Laboratory Medicine

Project Title: Clinical Study Agreement – Reference Range Study Multiplate Analyzer, Platelet Aggregation, Study No. CIM RDO01632 V. 2

Total Award Amount: \$90,310

Award Date: 03/01/13

Awarding Agency: Roche Pharmaceuticals
