MSK Direct for Employers

Cancer is one of the most complex and costly healthcare challenges for employers today. MSK Direct is a cancer benefit for employees that provides equitable, personalized access to the subspecialized expertise and lifesaving treatments of Memorial Sloan Kettering Cancer Center (MSK).

Why MSK Direct?

Not all cancer care is equal. MSK's singular focus on cancer leads to better survival rates, shorter hospital stays, and often, less invasive treatments. By offering MSK Direct, you provide employees with access to the best possible care while driving better outcomes and optimizing healthcare spend.

“MSK Direct brings with it a combination of expertise, compassion, and quality that is unmatched in the field of cancer care.”

— Executive Benefits Director

Comprehensive Cancer Support at Every Stage

MSK Direct delivers support to employees from prevention through survivorship:

- **Care Navigation** – Employees benefit from guided access to a team of multidisciplinary, subspecialized physicians, oncology nurses, and support services.
- **Second Opinions** – MSK subspecialized experts ensure the right diagnosis and help employees make confident decisions about their care.
- **Comprehensive Support & Engagement** – Personalized resources, outreach, and expert guidance to support employees every step of the way.
- **Screening & Prevention Resources** – A proactive approach to cancer risk management, helping employees detect and address issues early.

Seamless Implementation

- **Easy, hassle-free rollout** – No disruption to your existing benefits.
- **No enrollment, no additional cost** – A simple, high-impact enhancement to your benefits package.
- **Direct employee engagement** – MSK Direct proactively connects with your employees twice a year to maximize awareness and utilization.
- **Exclusive access to expert content** – A library of on-demand resources for cancer education and prevention.
