About Me

Afsheen Iqbal

What I Do at MSK

- Associate Attending Physician

Get To Know Me

I am a board-certified internist and medical oncologist specializing in the diagnosis and treatment of people with a wide variety of solid cancers, with a special expertise and interest in lung cancer and melanoma.

As an active member of the Memorial Sloan Kettering Cancer Center's thoracic disease management team, I collaborate with a multidisciplinary team of physicians, surgeons, radiation oncologists, radiologists, interventional radiologists, and pathologists to bring exceptional care to patients closer to home in Basking Ridge, New Jersey.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Afsheen Iqbal discloses the following relationships and financial interests:

No disclosures meeting criteria for time period

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.
