About Me

What I Do at MSK

- Associate Attending Physician

Get To Know Me

I am a medical oncologist who specializes in the treatment of head and neck malignancies, specifically cancers of the salivary glands and thyroid.

My research interest lies in translating emerging scientific knowledge of these diseases into new drug therapies.

My Role at MSK

A head and neck oncologist is a cancer doctor with special training in head and neck cancers. This includes cancers of the larynx, lips, mouth, nose, salivary glands, and throat.

A cellular therapy specialist is a doctor with special training in using cell therapies to treat health conditions such as cancer. Therapies can include chimeric antigen receptor (CAR) T cell therapy.
