About Me

What I Do at MSK

- Director, Chronic Pain

Get To Know Me

I am both a board certified anesthesiologist and chronic pain specialist who specializes in treating cancer related pain syndromes. I devote my time to helping improve quality of life through pharmacotherapy and interventional pain treatment options. My academic interests include using ultrasound technology to treat painful conditions (high intensity focused ultrasound). I am also involved in education and training for our future pain specialists both as part of our institution and at academic societies.

Clinical Trials

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.
