# About Me

## What I Do at MSK

- Associate Attending Physician

## Get To Know Me

I am a board-certified medical oncologist caring primarily for patients with [pancreas](#), biliary, esophagogastric, [colon](#), and other gastrointestinal cancers. I work closely with a team of surgeons, radiation therapists, and other specialists to provide the best treatment and individualized care for each patient with these diseases.

My research focuses on improving the delivery of care to patients and their families by optimally integrating cancer care with palliative medicine, which is a medical specialty aimed at reducing distress and maximizing quality living for people with serious illnesses like cancer.

## Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Andrew S. Epstein discloses the following relationships and financial interests:

Intellectual Property Rights

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.
