Get to Know Me

I am a medical oncologist who focuses exclusively on the medical treatment of gynecologic cancers.

I also lead Memorial Sloan Kettering Cancer Center's (MSK's) research program in chemotherapy for patients newly diagnosed with ovarian cancer and have a particular expertise in the management of both advanced gestational trophoblastic disease (GTD) and germ cell tumors of the ovary.

What I Do at MSK

I'm a gynecologic medical oncologist, which is a cancer doctor who specializes in gynecologic (GY-neh-kuh-LAH-jik) cancers. This includes cervical, fallopian tube, ovarian, uterine (endometrial), vaginal, and vulvar cancers.

- Chief, Gynecologic Medical Oncology Service

Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive collaborations, and promote the practical application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.
