About Me

What I Do at MSK

- Clinical Director

Get To Know Me

I am a physician who specializes in the diagnosis and treatment of infectious diseases. I am board certified in infectious diseases and internal medicine and provide care for patients suffering from a wide array of infections that develop during cancer treatment and in people who have weakened immune systems.

Some of my clinical interests include establishing prevention and management strategies for infections caused by pathogens that are resistant to common antimicrobials, as well as developing strategies to improve the accuracy and speed of the diagnosis of infections.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Cesar J. Figueroa Ortiz discloses the following relationships and financial interests:

No disclosures meeting criteria for time period

If you’re a patient at MSK and would like more information about your doctor’s external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.
