Colleagues

Doctors at Memorial Sloan Kettering work as teams, with specialists from all different areas. This allows us to consider all your needs together, and to give you the best possible care.

[See all Pediatric Surgical Service doctors](https://www.mskcc.org/doctor#f:Departments=[Surgery,Pediatric Surgical Service]) ([https://www.mskcc.org/doctor#f:Departments=\[Surgery,Pediatric Surgical Service\]](https://www.mskcc.org/doctor#f:Departments=[Surgery,Pediatric Surgical Service]))

Clinical Trials

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

Research and Publications

Book Chapters

“Pediatric surgical emergencies.” Midulla PS, Dolgin SE, Shlasko E. In: *The Mount Sinai Handbook of Surgery*. Bauer JJ, ed. Philadelphia: Lippincott, William and Wilkins; 1998.

Publications on PubMed

Visit PubMed for a full listing of Dr. Shlasko’s journal articles. Pubmed is an online index of research papers and other articles from the US National Library of Medicine and the National Institutes of Health.

[See all on PubMed \(http://www.ncbi.nlm.nih.gov/entrez/query.fcgi?cmd=search&db=pubmed&term=Edward%20Shlasko\)](http://www.ncbi.nlm.nih.gov/entrez/query.fcgi?cmd=search&db=pubmed&term=Edward%20Shlasko)

Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive collaborations, and promote the practical application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.

Edward Shlasko discloses the following relationships and financial interests:

- Arpeggio Pediatric Surgery PLLC
Equity; Fiduciary Role / Position; Professional Services and Activities
- Icahn School of Medicine at Mount Sinai
Intellectual Property Rights; Professional Services and Activities

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is a complement to other publicly reported data and is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2024 through disclosure submission in spring 2025). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK's COI policies [here](#) . For questions regarding MSK's COI-related policies and procedures, email MSK's Compliance Office at ecoi@mskcc.org .
