# About Me

## What I Do at MSK

- Associate Attending Physician

## Get To Know Me

I am a neuro-oncologist who specializes in the care of patients with brain tumors and the neurologic complications of cancer.

I work together with neurosurgeons and radiation oncologists to provide the highest quality medical treatment and supportive care for patients with gliomas and glioblastomas, primary central nervous system lymphomas (brain and spinal cord), ependymomas, and other types of brain tumors.

## Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Eli L. Diamond discloses the following relationships and financial interests:

Day One Biopharmaceuticals, Inc.

Professional Services and Activities

Histiocytosis Association, Inc.

Professional Services and Activities (Uncompensated)

Opna Bio

Professional Services and Activities

Pfizer, Inc.

Professional Services and Activities (Uncompensated)

Springworks Therapeutics

If you’re a patient at MSK and would like more information about your doctor’s external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.
