Get to Know Me

I am a pediatric oncologist on the MSK Kids team who specializes in caring for children with [neuroblastoma](#) . With my colleagues, I am researching and developing innovative treatments for this disease.

I have a strong research background in immunology that fuels my work, and am intrigued by the natural power of the immune system to fight disease. We have learned how to harness this power to recognize and fight cancer. Immunotherapies that were pioneered at Memorial Sloan Kettering are now part of the standard of care for children with neuroblastoma.

- Castle Connolly: America's Top Doctors (2023)

Insurance Information

Understanding your insurance options is an important part of managing your cancer care. We have relationships with many common healthcare providers and plans.

Don't see your carrier or plan? [We can help you understand your coverage](#) .

If you don't have health insurance or are worried that your care may not be fully covered, our [financial assistance](#) programs may be able to help.

If you have questions about insurance, call us at [646-497-9176](#) .

Make an Appointment

New Patients

Scheduling an appointment is easy. Click or call [833-MSK-KIDS](#) — we're available Monday through Friday, 9 a.m. to 5 p.m. (Eastern time)

Clinical Trials

- Clinical Trials Investigated by Dr. Basu
- [An Open Access Protocol for Targeted Radiotherapy with 131I-Metaiodobenzylguanidine in People With Resistant Neuroblastoma or Malignant Chromaffin Cell Tumors](#)
- Clinical Trials Co-Investigated by Dr. Basu
- [A Study to Collect Health Information about Pediatric-Onset Opsoclonus Myoclonus Ataxia Syndrome \(POOMAS\)](#)

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

[Search clinical trials](https://www.mskcc.org/cancer-care/clinical-trials) (<https://www.mskcc.org/cancer-care/clinical-trials>)

Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive collaborations, and promote the practical application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.

Ellen M. Basu discloses the following relationships and financial interests:

No disclosures meeting criteria for time period

If you’re a patient at MSK and would like more information about your doctor’s external relationships, please talk with your doctor.

The information published here is a complement to other publicly reported data and is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2024 through disclosure submission in spring 2025). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK’s COI policies [here](#) . For questions regarding MSK’s COI-related policies and procedures, email MSK’s Compliance Office at ecoi@mskcc.org .
