## About Me

Eric J. Sherman

## What I Do at MSK

- Associate Attending Physician

## Get To Know Me

I am a medical oncologist dedicated to improving the lives of patients with head and neck cancer. My primary clinical and research focus is on thyroid cancers and squamous cell carcinomas of the head and neck.

I also have an interest in diagnosing and treating the less common cancers of the head and neck, such as sinonasal undifferentiated carcinomas and salivary gland tumors.

## Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Eric J. Sherman discloses the following relationships and financial interests:

Blueprint Medicines

Professional Services and Activities

Eisai

Professional Services and Activities

Eli Lilly and Company

Professional Services and Activities

Exelixis

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.
