Get to Know Me

I am a medical oncologist dedicated to improving the lives of patients with head and neck cancer. My primary clinical and research focus is on thyroid cancers and squamous cell carcinomas of the head and neck.

I also have an interest in diagnosing and treating the less common cancers of the head and neck, such as sinonasal undifferentiated carcinomas and salivary gland tumors.

What I Do at MSK

I'm a head and neck medical oncologist, which is a cancer doctor who specializes in head and neck cancers. This includes cancers of the tonsils, tongue, mouth, lips, larynx, nose, sinuses, salivary glands, and thyroid gland.

- Attending Physician

- [A Phase 3 Study of Volrustomig Versus Observation in People with Inoperable Head and Neck Cancer That Has Not Grown After Chemoradiotherapy](#)

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

[Search clinical trials \(https://www.mskcc.org/cancer-care/clinical-trials\)](https://www.mskcc.org/cancer-care/clinical-trials)

Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive collaborations, and promote the practical application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.

Eric J. Sherman discloses the following relationships and financial interests:

- Blueprint Medicines
Professional Services and Activities
- Eisai
Professional Services and Activities

- Eli Lilly and Company
Professional Services and Activities
- Exelixis
Professional Services and Activities
- Loxo Oncology
Professional Services and Activities

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is a complement to other publicly reported data and is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2024 through disclosure submission in spring 2025). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK's COI policies [here](#) . For questions regarding MSK's COI-related policies and procedures, email MSK's Compliance Office at ecoi@mskcc.org .
