About Me

What I Do at MSK

- Attending Physician

Get To Know Me

I am a medical oncologist who specializes exclusively in breast cancer. I am also involved in clinical research focusing on breast cancer prevention and treatment of all stages of the disease. I am devoted to expert clinical care for my patients. In addition, I am interested in integrative medical approaches to breast cancer therapy.

My Role at MSK

A breast oncologist is a doctor with special training in breast cancer.

Clinical Trials

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Gabriella M. D'Andrea discloses the following relationships and financial interests:
