About Me

What I Do at MSK

- Attending Surgeon

Get To Know Me

I am a urologic surgeon with expertise in the treatment of urologic tumors — which include bladder, urethral, and kidney cancers.

I am currently heading clinical trials at Memorial Sloan Kettering Cancer Center to evaluate new therapies for the treatment of high-risk superficial bladder cancer in patients who are resistant to bacillus Calmette-Guérin (BCG) therapy, the standard treatment. I also have expertise in nerve-sparing radical cystectomy followed by bladder reconstruction.

This provider is part of a team that was ranked [#1 in the nation for Urology Cancer Care](#) this year by *U.S. News & World Report*.

Clinical Trials

Clinical Trials Co-Investigated by Dr. Dalbagni

[A Phase I/II Study Assessing the Addition of Gemcitabine to BCG Treatment in People with High-Grade Non-Muscle Invasive Bladder Cancer that Returned after Prior BCG](#)

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Guido Dalbagni discloses the following relationships and financial interests:

No disclosures meeting criteria for time period

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK's COI policies [here](#). For questions regarding MSK's COI-related policies and procedures, email MSK's Compliance Office at ecoi@mskcc.org.
