About Me

What I Do at MSK

- Attending Pathologist

Get To Know Me

I am a board-certified pathologist in anatomic and clinical pathology with expertise in the surgical pathology of tumors of the genitourinary system. Within our group, every year we examine thousands of biopsies and resections from tumors of the prostate, kidney, bladder, and testis. This enables us to establish the correct diagnosis and the extent of these tumors.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Hikmat A. Al-Ahmadie discloses the following relationships and financial interests:

Hikmat A. Al-Ahmadie

AstraZeneca
Professional Services and Activities

Paige.AI, Inc.
Professional Services and Activities (Uncompensated)

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.
