About Me

What I Do at MSK

- Attending Physician

Get To Know Me

I am a neurologist with specialty training in neuro-oncology who came to Memorial Sloan Kettering Cancer Center in 2003. I treat patients with primary brain tumors and patients with neurological complications of systemic cancer at our locations in New York City and [Basking Ridge](#), New Jersey. As a neuro-oncologist, I provide continuity of care for patients with primary central nervous system malignancies and coordinate the multidisciplinary management team, consisting of neurosurgeons and radiation oncologists.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Igor T. Gavrilovic discloses the following relationships and financial interests:

No disclosures meeting criteria for time period

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.
