About Me

What I Do at MSK

- Joseph Gaumont Chair of Cancer Prevention

Get To Know Me

I am a clinical health psychologist with expertise in helping patients and their families cope with the challenges of cancer diagnosis, treatment, and survivorship. I have a strong interest in working with patients who have been diagnosed with tobacco-related cancers, and I serve as psychological liaison to the Thoracic Service and to the Head and Neck Disease Management Team.

I am the Director of Memorial Sloan Kettering's Tobacco Treatment Program and work with a team of colleagues dedicated to promoting smoking cessation among cancer patients, their families, and individuals at risk for cancer and other chronic medical conditions.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Jamie S. Ostroff discloses the following relationships and financial interests:
