About Me

What I Do at MSK

- Chief, Cardiology Service

Get To Know Me

I am a cardiologist with expertise in advanced echocardiographic imaging. My goal is to ensure that patients at Memorial Sloan Kettering Cancer Center (MSK) have access to the highest level of cardiac care while receiving treatment for their cancer. I work closely with the oncologists, surgeons, and radiation oncologists at MSK to support and optimize the cardiovascular health of patients during their cancer journey.

I also have extensive experience in taking care of patients with [AL amyloidosis](#) (also called systemic light chain amyloidosis or primary systemic amyloidosis). I collaborate with our amyloid hematology/oncology team to provide cardiology consultation for patients with cardiac amyloidosis.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Jennifer Liu discloses the following relationships and financial interests:
