About Me

What I Do at MSK

- Assistant Attending Dentist

Get To Know Me

I am a board-certified oral and maxillofacial surgeon with more than 35 years of experience in the surgical management and treatment of the upper and lower jaws and the nearby structures of the face. I have been at Memorial Sloan Kettering Cancer Center for more than 23 years, both operating and teaching fellows in the maxillofacial prosthetic and dental oncology programs and caring for the special oral and dental needs of cancer patients.

I treat benign lesions of the jaws, traumatic injuries, and oral infections, and perform dental and reconstructive jaw surgery.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Jerry L. Halpern discloses the following relationships and financial interests:

No disclosures meeting criteria for time period

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is a complement to other publicly reported data and is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the

various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2023 through disclosure submission in spring 2024). This data reflects interests that may or may not still exist. This data is updated annually.
