About Me

What I Do at MSK

- Associate Attending Physician

Get To Know Me

I am a medical oncologist with expertise in the treatment of [pancreatic](#), hepatobiliary, and other gastrointestinal cancers.

My research is focused on two areas: first, the discovery and implementation of biomarkers for the diagnosis of pancreatic cancer, and second, the development of more-effective treatments for pancreatic cancer. My research program is funded by the National Cancer Institute/National Institutes of Health, the Lustgarten Foundation, and the Thompson Family Foundation.

My Role at MSK

A gastrointestinal (GAS-troh-in-TES-tih-nul) oncologist is a cancer doctor with special training in the gastrointestinal (GI) system. This includes anal, colorectal, esophageal, gastric (stomach), liver, and pancreatic cancers, as well as GI stromal tumors and neuroendocrine tumors.

Areas of Expertise

My Specialties

Pancreatic, Hepatobiliary, and Other Gastrointestinal Malignancies

Education & Honors

Education

MSc, University of Pennsylvania

MD, Johns Hopkins University

Residencies

Internal Medicine - Hospital of the University of Pennsylvania

Fellowships

Hematology/Oncology - Hospital of the University of Pennsylvania

Board Certifications

Insurance Information

Understanding your insurance options is an important part of managing your cancer care. We have relationships with many common healthcare providers and plans.

Don't see your carrier or plan? [We can help you understand your coverage.](#)

If you don't have health insurance or are worried that your care may not be fully covered, our [financial assistance](#) programs may be able to help.

If you have questions about insurance, call us at [646-497-9176](tel:646-497-9176).

Make an Appointment

New Patients

Scheduling an appointment is easy. Click or call [646-497-9053](tel:646-497-9053)— we're available Monday through Friday, 8 a.m. to 6 p.m. (Eastern time)

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Kenneth H. Yu discloses the following relationships and financial interests:

Ipsen Pharma
Professional Services and Activities

If you’re a patient at MSK and would like more information about your doctor’s external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK’s COI policies [here](#). For questions regarding MSK’s COI-related policies and procedures, email MSK’s Compliance Office at ecoi@mskcc.org.
