About Me

What I Do at MSK

- Director, Research, Body Imaging Service and Director, Hepatobiliary Radiology

Get To Know Me

I am a radiologist who specializes in body imaging, with expertise in imaging for liver cancer, bile duct cancer, and pancreatic cancer. I help oncologists make the best decisions possible for treating people with these hepatopancreatobiliary (HPB) cancers.

From diagnosis and staging to treatment response, I am committed to delivering accurate and actionable reports for the care of people with cancer. I have practiced at Memorial Sloan Kettering Cancer Center (MSK) for more than a decade, and my goal is to continuously improve the diagnosis and treatment of cancer through active research.

Clinical Trials

Clinical Trials Co-Investigated by Dr. Do

The Prevention of Progression to Pancreatic Cancer Trial (The 3PC Trial)

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Richard Kinh Gian Do discloses the following relationships and financial interests:

Ascelia Pharma AB

Professional Services and Activities

Elsevier

Intellectual Property Rights

International Diagnostic Course Davos (IDKD)

Professional Services and Activities

The Royal Australian and New Zealand College of Radiologists (RANZCR)

Professional Services and Activities

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK's COI policies here. For questions regarding MSK's COI-related policies and procedures, email MSK's Compliance Office at ecoi@mskcc.org.
