## Get to Know Me

I have worked in radiation protection and health physics for more than 30 years. In that time, I worked on radiation protection programs for energy and industrial companies, and for more than 15 years, I have worked in operations and research in medical health physics. Our goal is to support radiology, x-ray imaging, nuclear medicine, radiation oncology, and radiochemistry, as well as surgery and medicine.

My research focuses on developing and testing radiation imaging and therapy tools and techniques. We want to use what we find to improve radiation protection practices so that patients get the most benefit with reduced risk.

### What I Do at MSK

I'm a clinical physicist (FIH-zih-sist) at MSK. A clinical physicist, also called a medical physicist, helps make and use radiation treatments and technology.

## Areas of Expertise

## My Specialties

- Radiation protection
- Medical physics

## Education & Honors

### Education

- PhD, Adult Education, Capella University
- MS, Health Physics, Georgia Institute of Technology

### Board Certifications

- Health Physics

### Awards and Honors

- Elda E. Anderson Award, Health Physics Society (2005)
- Fellow Award, Health Physics Society (2017)

## Insurance Information

Understanding your insurance options is an important part of managing your cancer care. We have relationships with many common healthcare providers and plans.

Don't see your carrier or plan? [We can help you understand your coverage](#) .

If you don't have health insurance or are worried that your care may not be fully covered, our [financial assistance](#) programs may be able to help.

If you have questions about insurance, call us at [646-497-9176](#) .

# Make an Appointment

## New Patients

Scheduling an appointment is easy. Click or call [800-525-2225](tel:800-525-2225) — we're available 24 hours a day, 7 days a week

[Make an Appointment](#)

## Current Patients

Request an appointment by calling your Care Team or messaging them in [MSK MyChart](#).

# Contact and Location

## Office Phone

 [212-639-7391](tel:212-639-7391)

## Colleagues

Doctors at Memorial Sloan Kettering work as teams, with specialists from all different areas. This allows us to consider all your needs together, and to give you the best possible care.

## Clinical Trials

## Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

[Search clinical trials](https://www.mskcc.org/cancer-care/clinical-trials) (<https://www.mskcc.org/cancer-care/clinical-trials>)

## Research and Publications

### Publications on PubMed

Visit PubMed for a full listing of Dr. Dauer's journal articles. Pubmed is an online index of research papers and other articles from the US National Library of Medicine and the National Institutes of Health.

[See all on PubMed](http://www.ncbi.nlm.nih.gov/entrez/query.fcgi?cmd=search&db=pubmed&term=Dauer%20L) (<http://www.ncbi.nlm.nih.gov/entrez/query.fcgi?cmd=search&db=pubmed&term=Dauer%20L>)

## Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive collaborations, and promote the practical application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report ("disclose") the relationships and

financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.

Lawrence T. Dauer discloses the following relationships and financial interests:

- National Council on Radiation Protection and Measurements  
Professional Services and Activities (Uncompensated)

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is a complement to other publicly reported data and is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

---

This page and data include information for a specific MSK annual disclosure period (January 1, 2024 through disclosure submission in spring 2025). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK's COI policies [here](#) . For questions regarding MSK's COI-related policies and procedures, email MSK's Compliance Office at [ecoi@mskcc.org](mailto:ecoi@mskcc.org) .
