Get to Know Me

I am a hematologist-oncologist who specializes in the study and treatment of [lymphoma](#) . My work focuses on the development of novel therapies for patients with B cell lymphoma, including indolent lymphomas (follicular, marginal zone, small lymphocytic), Waldenström's macroglobulinemia, and chronic lymphocytic leukemia, as well as aggressive lymphoma, such as diffuse large-B cell lymphoma.

What I Do at MSK

I'm a lymphoma specialist, which is a doctor with special training in diagnosing and treating lymphoma (lim-FOH-muh). This cancer starts in the cells of the immune system.

A cellular therapy specialist is a doctor with special training in using cell therapies to treat health conditions such as cancer. Therapies can include chimeric antigen receptor (CAR) T cell therapy.

- Attending Physician

Areas of Expertise

Conditions I Treat

- Hodgkin lymphoma (Hodgkin's disease)
- Non-Hodgkin lymphoma (NHL)
- Chronic lymphocytic leukemia (CLL)
- Lymphoplasmacytic lymphoma (Waldenstrom macroglobulinemia)
- Lymphoma

- B cell lymphoma
- Follicular lymphoma
- Marginal zone lymphomas
- Small lymphocytic lymphoma (SLL)
- Diffuse large b-cell lymphoma (DLBCL)

My Specialties

- Cellular therapy
- Immunotherapy
- CAR T-cell therapy

Education & Honors

Education

- MD, University of Pavia

Residencies

- Internal Medicine - Mount Auburn Hospital

Fellowships

- Hematology - IRCCS Hospital San Mateo
- Hematology/Oncology - Memorial Sloan Kettering Cancer Center
- Medicine - Weill Cornell Medical College

Board Certifications

- Hematology (Italy)
- Internal Medicine
- Medical Oncology

Insurance Information

Understanding your insurance options is an important part of managing your cancer care. We have relationships with many common healthcare providers and plans.

Don't see your carrier or plan? [We can help you understand your coverage](#) .

If you don't have health insurance or are worried that your care may not be fully covered, our [financial assistance](#) programs may be able to help.

If you have questions about insurance, call us at [646-497-9176](tel:646-497-9176) .

Make an Appointment

New Patients

Scheduling an appointment is easy. Click or call [646-497-9137](tel:646-497-9137) — we're available 24 hours a day, 7 days a week

Clinical Trials

- Clinical Trials Investigated by Dr. Palomba
- [A Phase 1 Study of CAR T Cell Therapy for People with HIV and B Cell Lymphoma](#)
- [A Phase 2 Study of Pirtobrutinib, Venetoclax, and Rituximab in People With Waldenström's Macroglobulinemia/Lymphoplasmacytic Lymphoma](#)
- [A Phase II Study Assessing Venetoclax Added to Ibrutinib and Rituximab for Waldenström's Macroglobulinemia/Lymphoplasmacytic Lymphoma](#)
- Clinical Trials Co-Investigated by Dr. Palomba
- [A Phase 1 Study of MB-CART19.1 Cellular Therapy for People With Central Nervous System Lymphoma](#)

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

[Search clinical trials](https://www.mskcc.org/cancer-care/clinical-trials) (<https://www.mskcc.org/cancer-care/clinical-trials>)

Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive collaborations, and promote the practical application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.

M. Lia Palomba discloses the following relationships and financial interests:

- BeiGene USA, Inc.
Professional Services and Activities
- Bristol-Myers Squibb
Professional Services and Activities
- Galapagos NV
Professional Services and Activities
- Synthekine, Inc.
Professional Services and Activities

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is a complement to other publicly reported data and is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2024 through disclosure

submission in spring 2025). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK's COI policies [here](#) . For questions regarding MSK's COI-related policies and procedures, email MSK's Compliance Office at ecoi@mskcc.org .
