About Me

What I Do at MSK

- Associate Attending Physician

Get To Know Me

I am gastroenterologist and hepatologist who cares for people with a variety of liver diseases, including viral hepatitis B and hepatitis C (HCV), immune-mediated liver diseases, and metabolic liver diseases. I have special expertise in managing these diseases in people with cancer, and in treating liver-related problems from cancer treatments.

As a member of Memorial Sloan Kettering Cancer Center's Hepatopancreatobiliary Disease Management team, I work closely with my colleagues in medical oncology, surgery, radiation oncology, radiology, and pathology to combine our expertise and ensure we are providing our patients with comprehensive personalized care. I am also a strong believer in cancer prevention and early detection, and [screening colonoscopy](#) is an integral part of my practice.

Insurance Information

Understanding your insurance options is an important part of managing your cancer care. We have relationships with many common healthcare providers and plans.

Don't see your carrier or plan? [We can help you understand your coverage.](#)

If you don't have health insurance or are worried that your care may not be fully covered, our [financial assistance](#) programs may be able to help.

If you have questions about insurance, call us at [646-497-9176](tel:646-497-9176).

Make an Appointment

New Patients

Scheduling an appointment is easy. Click or call [800-525-2225](tel:800-525-2225)— we're available Monday through Friday, 8 a.m. to 6 p.m. (Eastern time)

[Make an Appointment](#)

Current Patients

Request an appointment by logging on to MyMSK or calling your doctor's office. If you aren't registered for MyMSK, call [646-227-2593](tel:646-227-2593) for your Enrollment ID.

Clinical Trials

Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Maya Gambarin-Gelwan discloses the following relationships and financial interests:

No disclosures meeting criteria for time period

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are

categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.

Learn more about MSK’s COI policies [here](#). For questions regarding MSK’s COI-related policies and procedures, email MSK’s Compliance Office at ecoi@mskcc.org.
