About Me

What I Do at MSK

- Attending Pathologist

Get To Know Me

I am a diagnostic pathologist with expertise in thoracic pathology and cytopathology. After a residency and surgical pathology fellowship at the Johns Hopkins Hospital and cytopathology fellowship at Memorial Sloan Kettering, I joined the faculty here in 2008. As part of the Thoracic Disease Management Team, I work with my colleagues from surgery, oncology, and radiation oncology to care for people affected by lung, pleural, and mediastinal neoplasms.

Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Natasha Rekhtman discloses the following relationships and financial interests:

Merck & Co Inc.

Professional Services and Activities

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.
