# About Me

## What I Do at MSK

- Section Head, Section of Interventional Pulmonology
- Program Director, Interventional Pulmonology Fellowship

## Get To Know Me

I am a pulmonologist with a special interest in treating lung conditions arising from cancer or its treatment. As one of the few pulmonologists with formal training in interventional pulmonology, I am able to utilize a full spectrum of advanced minimally invasive techniques in making the diagnosis of enlarged lymph nodes in the chest or small lung nodules, as well as to provide therapy for complications from cancer such as central airway obstruction or pleural effusion (fluid accumulation around the lung).

## Clinical Trials

### Find a Clinical Trial for You

Memorial Sloan Kettering's doctors and scientists are constantly developing new treatments for cancer. MSK is typically running hundreds of clinical trials at a given time.

You may be able to participate in a clinical trial even if you are new to MSK. Search our online directory to find trial information and see more about who can participate.

## Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report (“disclose”) the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Robert P. Lee discloses the following relationships and financial interests:

Intuitive Surgical Inc.  
Professional Services and Activities

If you're a patient at MSK and would like more information about your doctor's external relationships, please talk with your doctor.

The information published here is for a specific annual disclosure period. There may be differences between information on this and other public sites as a result of different reporting periods and/or the various ways relationships and financial interests are categorized by organizations that publish such data.

---

This page and data include information for a specific MSK annual disclosure period (January 1, 2022 through disclosure submission in spring 2023). This data reflects interests that may or may not still exist. This data is updated annually.
