Get to Know Me

I am a neuroradiologist with expertise in the imaging of the brain, neck, and spine. My interests lie in the advanced imaging of brain tumors using diffusion tensor, perfusion, spectroscopic and functional MRI. I work closely with the neurosurgeons, neurologists, and radiation oncologists at Memorial Sloan Kettering to bring the most advanced standard and experimental treatments to our patients.

What I Do at MSK

I'm a neuroradiologist (NOOR-oh-RAY-dee-AH-loh-jist). This is a doctor with special training in images of the nervous system, including the brain, head, neck, and spine.

Disclosures

Members of the MSK Community often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community. These activities outside of MSK further our mission, provide productive collaborations, and promote the practical application of scientific discoveries.

MSK requires doctors, faculty members, and leaders to report (“disclose”) the relationships and

financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public. Not all disclosed interests and relationships present conflicts of interest. MSK reviews all disclosed interests and relationships to assess whether a conflict of interest exists and whether formal COI management is needed.
