# About Me

## What I Do at MSK

- Chief, Neuroblastoma Service

## Get To Know Me

I am a pediatric oncologist who specializes in caring for children and young adults with [neuroblastoma](#) and other solid tumors, such as [desmoplastic small round cell tumors](#). These are challenging cancers to treat. By caring for patients and conducting research, I hope to improve the lives of people diagnosed with these diseases.

Memorial Sloan Kettering treats one of the largest volumes of people with neuroblastoma in the world, giving us a wealth of knowledge and depth of expertise. As Chief of the Neuroblastoma Service, I lead a large multidisciplinary team dedicated to this rare, aggressive cancer in young children. We evaluate each patient and design a personalized care plan.

## Disclosures

Doctors and faculty members often work with pharmaceutical, device, biotechnology, and life sciences companies, and other organizations outside of MSK, to find safe and effective cancer treatments, to improve patient care, and to educate the health care community.

MSK requires doctors and faculty members to report ("disclose") the relationships and financial interests they have with external entities. As a commitment to transparency with our community, we make that information available to the public.

Shakeel Modak discloses the following relationships and financial interests:

- EUSA Pharma  
Professional Services and Activities
- Illumina Radiopharmaceuticals LLC  
Professional Services and Activities
- MJH Associates  
Professional Services and Activities

- US WorldMeds, LLC.
